4 YEARS OF WORKING EXPERIENCES

I originally started my career as a graphic designer, focusing on physical design, materials, and related aspects. Over time, I transitioned into an IT company as a designer, where I expanded my knowledge into UI/UX, programming, finance, and crypto. Throughout the past three years, I have continuously learned and evolved in these fields, broadening my expertise beyond design.

SKILLS/KNOWLEDGE

Figma   Adobe XD   React JS   Javascript   SCSS/SASS   Web Design

Adobe Photoshop   Adobe Illustrator   Clip Studio Paint   2D Illustration

Prototyping   Blockchain

EDUCATION

Diploma in Graphic Design (CGPA 3.7)

Emphasizes real-world application of design principles over academic performance, with a focus on delivering creative solutions through experience.

LANGUAGE PROFICIENCY

◆ Mandarin *Native*   ◆ English *Proficient*   ◆ BM *Intermediate*
